DEAR MEMBERS OF TRA SUSTAINABLE FUTURES,

We cordially invite you to the next networking event and General Assembly of TRA Sustainable Futures.

In addition to a report on recent activities of TRA Sustainable Futures and a vote on the finances for 2024, we would like to discuss TRA Sustainable Future’s research profile with you at the event.

With the establishment of TRA Sustainable Futures in 2019, we have given ourselves a research profile with five focus topics, according to which we have aligned our work in recent years.

AGENDA

TOP 1 - Welcome, protocol, quorum & agenda
TOP 2 - Report on recent activities of TRA Sustainable Futures
TOP 3 - Voting Finances 2024
World Café: Future Research Profile of TRA Sustainable Futures / Focus Topics

We would now like to take the opportunity to take stock and discuss the research profile and the focus topics and their possible further development with you. We have chosen the World Café format for the discussion, which offers you the possibility to discuss the topics in small groups.

We look forward to seeing you!

Prof. Jan Börner and Prof. Ute Nöthlings,
Speakers of TRA Sustainable Futures
Ruben Greif and Hanna Zimmermann,
TRA Management
Christina Schiegl, WHF TRAs

WORLD CAFÉ

At the World Café the aim is to obtain as many perspectives and ideas as possible on a specific topic, to bring the participants into a lively exchange and to promote networking.

Procedure

The participants sit around the room at small groups of tables. The tables are equipped with writable paper tablecloths and pens. Catering is provided to create a "café atmosphere". A moderator introduces the working method and explains the procedure. Different tables are dedicated to different topics. In the course of the event, the topics of the respective tables are discussed simultaneously at all tables in successive rounds of 15 to 30 minutes. The groups shuffle between the discussion rounds, with one host remaining at each table. The hosts welcome new guests, briefly summarize the previous discussion and get the discourse going again. In the course of the discussion, they ensure that all participants know each other and that important thoughts, ideas and connections are written and drawn on the tablecloths by everyone. The various discussion rounds give participants the opportunity to take part in discussions at several tables. The World Café concludes with a joint reflection phase in the plenary session.
