At the Faculty of Medicine of Rheinische Friedrich-Wilhelms-Universität Bonn, (University of Excellence), a

**W3 University Professorship for Inflammatory CNS Diseases**

is to be filled on a permanent basis.

The position includes the directorship of the Inflammatory CNS Diseases Clinic. The clinic is integrated into the Center for Neurology, which will include the other clinics for Neurooncology (Prof. Herrlinger), Vascular Neurology (Prof. Petzold), Neuromuscular Diseases (Prof. Kornblum) and Movement Disorders (Prof. Wüllner).

The future holder of this position should have both scientific and clinical expertise, particularly in the field of neuroinflammatory diseases, preferably also in the context of neurodegenerative disease processes. A person with clinical leadership experience is sought for this position. A particular focus of the clinic is the close cooperation with the German Center for Neurodegenerative Diseases (DZNE) and the Cluster of Excellence Immunosen-sation². Co-affiliation to the DZNE is possible with an appropriate scientific profile.

Excellent scientific achievements and experience in the acquisition of extramural third-party funds, as well as proven didactic skills, are required. The scientific orientation should have ties to the focal points of the faculty and the DZNE, ideally to existing networks of the Faculty of Medicine and the university as a whole.

The professor will support teaching in the field of neurology within the curriculum of human medicine. In addition, participation in current and future medical school programs is expected (e.g., Master of Neurosciences and Master of Immunosciences and Infection). Furthermore, participation in the International Graduate Schools (e.g., BIGS Neurosciences, Clinical and Population Sciences, or Immunosciences and Infection) is expected. In the area of continuing education, the clinic is integrated into a coordinated concept of the Center for Neurology.

Prerequisite for employment is recognition as a specialist (‘Facharzt’) in the field of neurology and habilitation or an equivalent scientific achievement in accordance with § 36 of the Higher Education Act of North Rhine-Westphalia.

The University of Bonn is committed to diversity and equal opportunity. The University of Bonn is a certified family-friendly university and has a dual career program. It aims to increase the proportion of women in areas where women are under-represented and to promote their careers in particular. It therefore urges women with relevant qualifications to apply. Applications will be handled in accordance with the State Equality Act of North Rhine-Westphalia (Landesgleichstellungsgesetz - LGG). Applications by suitable individuals with a certified severe disability and those of equal status are particularly welcome.

Qualified applicants* are requested to apply via the appointment portal of the University of Bonn [https://berufungsportal.uni-bonn.de/openProcedureList.do](https://berufungsportal.uni-bonn.de/openProcedureList.do). Applications can be submitted in German or English by November 21, 2022

Dean of the Faculty of Medicine
of Rheinische Friedrich-Wilhelms-Universität Bonn
Venusberg-Campus 1, Haus 33, 53127 Bonn, Germany
