At the Faculty of Medicine of Rheinische Friedrich-Wilhelms-Universität Bonn, a

**W2-Professorship for Ophthalmopathology**

is to be filled at the earliest possible date.

The professorship is based at the Ophthalmology Department of the University Hospital Bonn. The appointment is initially for five years, with an interim evaluation after two years. After a positive final evaluation by the responsible committees of the University of Bonn, the position may be transferred to a permanent W2 professorship.

We are looking for a nationally and internationally renowned scientist who will fully represent the subject in clinical, research and teaching activities. Certification as a specialist in ophthalmology (“Facharzt”, FEBO would also be welcome), the additional certificate in ophthalmopathology from the DOG, many years of experience as a senior physician, and medical didactic aptitude are prerequisites. Exceptional expertise (clinical and scientific) in ophthalmopathology with a habilitation or similar qualification in the field of ophthalmopathology is required, as well as long-standing clinical diagnostic and ophthalmic surgical skills in eyelid and conjunctival surgery. Also expected is a commitment to teaching and supervising graduate students in the corresponding specialty area of ophthalmopathology. Likewise, participation in teaching development projects and cross-site networking in medical teaching with a focus on ophthalmopathology is desired. In addition, the successful candidate is expected to establish basic science projects with a focus on clinicopathological correlations and ocular tumors as well as the development of the eye (also in cooperation with other institutes of the University Hospital Bonn). Scientific cooperation with a focus on oncology at the University Hospital Bonn is expected, as is integration into the Center for Integrated Oncology (CIO).

The candidate should have experience in managing an ophthalmopathology laboratory. In addition, experience in working on international cooperation projects is a prerequisite for the future position holder. Requirements for employment are a completed medical university degree and proof of scientific achievements.

Experience in teaching according to § 36 Hochschulgesetz NRW is desirable.

The University of Bonn is committed to diversity and equal opportunity. It is a certified family-friendly university and has a dual career service. It aims to increase the proportion of women in areas where women are under-represented and to promote their careers in particular. It therefore urges women with relevant qualifications to apply. Applications will be handled in accordance with the State Equality Act of North Rhine-Westphalia (Landesgleichstellungsgesetz - LGG). Applications by suitable individuals with a certified severe disability and those of equal status are particularly welcome.

Qualified applicants are requested to submit the application documents in accordance with our application guidelines to (https://berufungsportal.uni-bonn.de/openProcedureList.do) in German or English by **September 22, 2023** to the

Dean of the Faculty of Medicine  
of Rheinische Friedrich-Wilhelms-Universität Bonn  
Venusberg-Campus 1, Haus 33, 53127 Bonn, Germany
