The Medical Faculty of University of Bonn invites applications for the position

**W2 Professor for Psychiatric Genomics and Epigenomics (tenured)**

at the Department of Psychiatry and Psychotherapy of the University of Bonn.

The successful candidate will represent the field of Genomics and Epigenomics in teaching and research, and also - if professionally qualified - in patient care at the Department of Psychiatry and Psychotherapy.

Prerequisites for employment are a habilitation or habilitation-equivalent achievements in accordance with section 36 of the Higher Education Act of North Rhine-Westphalia, and experience in university level teaching.

The candidate should have a university degree in medicine, psychology, or the natural sciences, and be internationally recognised in the field of molecular genomics and/or epigenomics of mental disorders.

Relevant publications and a history of the successful attainment of third-party research funding are required. A convincing concept for the translation of genetic findings into the clinical care of psychiatric patients and their families is expected. The professorship is intended to strengthen the Faculty's neuroscience, genetics, and epidemiology research foci. Another important area of scientific collaboration will be the University's focus on research into immunology & infectious disease, since immune-related genes are implicated in many psychiatric disorders. Close cooperation is expected with the Institute of Human Genetics. The Institute of Human Genetics will provide all necessary laboratory space. Participation in innovative concepts for curricular undergraduate and postgraduate teaching in psychiatry is also expected.

The University of Bonn is committed to diversity and equal opportunity. The university of Bonn is certified as a family-friendly university and has a dual career service. It aims to increase the proportion of women in areas where women are under-represented and to promote their careers in particular. It therefore urges women with relevant qualifications to apply. Applications will be handled in accordance with the State Equality Act (Landesgleichstellungsgesetz). Applications from suitable individuals with a certified serious disability and those of equal status are particularly welcome.

Qualified applicants are requested to send the usual documents (cover letter, CV, certificates, list of publications) in English, as well as the respective application form (https://www.medfak.uni-bonn.de/de/fakultaet/akademische-verfahren/berufungsverfahren) via e-mail up to **August 4, 2021** to:

Dean of the Medical Faculty  
of University of Bonn,  
Prof. Dr. med. Bernd Weber  
Venusberg-Campus 1, Haus 33, 53127 Bonn

Please apply via e-mail to: Berufungen@ukbonn.de

The application form and further information on the application process can be found at: (https://www.medfak.uni-bonn.de/de/fakultaet/akademische-verfahren/berufungsverfahren)
