

The Department of Economics at the University of Bonn, Germany, invites applications for a

## **Full Professor (W3) in Applied Microeconomics**

We are looking for a scholar with strong research interests in any field of applied microeconomics, including health, education, industrial organization, public and environmental economics, conducting research at the highest level using state-of-the-art econometric and/or computational methods.

The successful candidate has an established international reputation in Applied Microeconomics and has published in leading economics journals.

We expect the candidate to be committed to teaching and supervising at the Bonn Graduate School of Economics and the department's study programs. Teaching at the graduate level is in English. Teaching at the undergraduate level can be conducted in English or German.

The position is full-time. The expected start date is October 1, 2023. Candidates have to comply with the general prerequisites acc. to § 36 Higher Education Act of North Rhine Westphalia (Hochschulgesetz des Landes Nordrhein-Westfalen). Candidates must hold a PhD in Economics and are expected to have a track record of high-quality research appropriate to the level of appointment.

To apply, please submit your application via the recruitment portal of the University: <https://berufungsportal.uni-bonn.de>. Applications received by **April 13, 2023**, are guaranteed full consideration.

For more information, please visit the website of the Department of Economics: <https://www.econ.uni-bonn.de/en>.
