The Institute of Inorganic Chemistry in the Faculty of Mathematics and Natural Sciences at the University of Bonn invites applications for a

**W3- Professorship (tenured) in Inorganic Chemistry**

to be filled as soon as possible.

Successful candidates are expected to be internationally renowned in experimental inorganic solid-state chemistry with reference to functional materials complementing and strengthening the areas represented by the existing research groups in the department of chemistry. The candidate is expected to actively participate in the acquisition of third party funding and to contribute to the development of collaborative research programs.

Teaching is an integral part of the professorial position and teaching in all stages of the study courses in german and/or english language is required. Cooperation in academic administration is expected.

The general conditions of employment are according to § 36 of the Higher Education Act of North Rhine-Westphalia (Hochschulgesetz des Landes Nordrhein-Westfalen).

The University of Bonn is committed to diversity and equal opportunity. It is certified as a family-friendly University and has a dual career service. It aims to increase the proportion of women in areas where women are under-represented and to promote their careers in particular. It therefore urges women with relevant qualifications to apply. Applications will be handled in accordance with the Landesgleichstellungsgesetz (State Equality Act). Applications from suitable individuals with a certified serious disability and those of equal status are particularly welcome.

Please do send until the **10.1.2022** your short application without attachments in electronic form to the chairman of the committee, Prof. Dr. A. C. Filippou (E-mail-Adresse: acw3nb@uni-bonn.de). You will then receive a link for uploading your application documents (CV, copies of diploma, list of publications including five selected reprints and invited talks, list of teaching courses, abstracts of current and prospective research projects, third party funding).
