The Medical Faculty of University of Bonn (University of Excellence) invites applications for the position

**W3 University Professor in Obstetrics and Prenatal Medicine**  
*(Successor Prof. Gembruch)*

The future post holder is expected to represent Obstetrics and Prenatal Medicine in research and teaching as well as patient care. The position includes the directorship of the clinic with the same name within the Center for Women's Health. Within the clinic are the sections of Prenatal Medicine, Maternal Medicine and Fetal Surgery. The clinic is integrated as a department into the Center for Women's Health, which also includes the Departments of Gynecology and Gynecologic Oncology (Prof. Mustea), Gynecologic Endocrinology and Reproductive Medicine (Prof. Sänger), and Senology (Prof. Faridi).

The future post holder should have excellent scientific and clinical credentials, particularly in the areas of obstetrics, prenatal diagnosis and therapy, including intrauterine transfusions, laser therapy, and fetal surgery. We are seeking an individual with extensive clinical experience in the area of surgical and nonsurgical obstetrics (over 3000 births in 2021), as well as in the care of complex/risk pregnancies. A particular focus of the clinic is the close cooperation with other departments of pediatric and adult medicine. The Clinic for Obstetrics and Prenatal Medicine works closely under one roof with one of the largest centers for pediatric cardiac medicine in the German-speaking world.

Very good scientific achievements and experience in the acquisition of third-party funding, as well as proven didactic skills, are required. The scientific orientation should have links to the focal points of the faculty, ideally to existing alliances of the Medical Faculty and the university as a whole.

The professor will be responsible for teaching obstetrics and prenatal medicine in the human medicine curriculum. One focus here should be on the development of interprofessional training formats. Participation in current and future programs at the Medical Faculty is furthermore expected (e.g. midwifery sciences). In the area of continuing education, the clinic is integrated into a coordinated concept of the Center for Women's Health.

Requirements for employment are a completed university degree in medicine or natural sciences and proof of scientific achievements as well as experience in teaching in accordance with § 36 Higher Education Act NRW (*Hochschulgesetz NRW*).

The University of Bonn is committed to diversity and equal opportunity. The University of Bonn is certified as a family-friendly university and has a dual career service. It aims to increase the proportion of women in areas where women are under-represented and to promote their careers in particular. It therefore urges women with relevant qualifications to apply.

Applications will be handled in accordance with the State Equality Act (*Landesgleichstellungsgesetz*). Applications by suitable individuals with a certified severe disability and those of equal status are particularly welcome.

Qualified applicants are requested to send the application documents in accordance with our application guidelines as well as a maximum of five offprints
