At the Medical Faculty of Rheinische Friedrich-Wilhelms-Universität Bonn, a

**W3 Professorship in Orthodontics (successor Prof. Andreas Jäger)**

is to be filled at the earliest possible date.

The future position holder is expected to represent the specialty of orthodontics in research and teaching as well as in patient care. The professorship includes the management of the clinic of the same name. The Clinic for Orthodontics is integrated into the Center for Dental, Oral and Maxillofacial Medicine at the UKB.

Excellent scientific achievements and experience in the acquisition of extramural third-party funds, as well as proven didactic skills are required. The scientific orientation should have ties to the focal points of the faculty, ideally to existing networks of the Medical Faculty and the university as a whole.

The professor will be responsible for teaching orthodontics for the dental school curriculum. Furthermore, participation in current and future degree courses of the Medical Faculty is expected. The future holder of the position should be recognized as a specialist dentist for orthodontics ("Fachzahnarzt") and be authorized to provide further training.

Prerequisites for employment are a completed university degree in dentistry and proof of scientific achievements. Experience in teaching according to §36 Hochschulgesetz NRW is desirable.

The University of Bonn is committed to diversity and equal opportunity. It is a certified family-friendly university and has a dual career service. It aims to increase the proportion of women in areas where women are under-represented and to promote their careers in particular. It therefore urges women with relevant qualifications to apply. Applications will be handled in accordance with the State Equality Act of North Rhine-Westphalia (Landesgleichstellungsgesetz - LGG). Applications by suitable individuals with a certified severe disability and those of equal status are particularly welcome.
