I hereby apply for access to the CAFM system "conjectFM".

- I understand that it is my responsibility to safeguard access to my account by creating a non-obvious password that is only known to myself and that I will not pass on to others.

- I will obtain the required skills to use the CAFM system wherever necessary.

- In case of questions, especially regarding authorizations and my area of responsibility within the CAFM system, I will consult with my supervising manager, who will then inform the CAFM team in writing.

- If a conjectFM client has not yet been installed on my computer, I will use the Division 2 support form to arrange installation.
