The Bonn Institutes of ImmunoSciences and Infection (Cluster of Excellence ImmunoSensation) of the Medical Faculty of the Rheinische Friedrich-Wilhelms-University of Bonn (University of Excellence) invite applications for the tenure track position

**W2 Professor for Nucleic Acid Immunity**  
*(Tenure Track, evaluation-dependent tenure after 5 years)*

The professorship is located at the Institute of Clinical Chemistry and Clinical Pharmacology (Prof. Dr. med. Gunther Hartmann, Speaker SFB TRR 237 *Nucleic Acid Immunity*, Speaker Cluster of Excellence *ImmunoSensation*). We seek an internationally renowned scientist with a strong track record in the field of Nucleic Acid Immunity (immune sensing of nucleic acids, antiviral restriction factors, nucleic acid metabolism, interferonopathies) or neighboring topics of the innate immune system.

This position is implemented through the collaborative research grant TRR 237 on *Nucleic Acid Immunity* and is expected to strengthen the research focus area *ImmunoSciences and Infection* at the Medical Faculty. The outstanding research environment allows for excellent research collaborations with the other research focus areas of the Medical Faculty (Neurosciences, Cardiovascular Research, Genetics, Oncology) and other Faculties of the University of Bonn, and with the Helmholtz centers DZNE (German Center for Neurodegenerative Diseases) and the DZIF (German Center for Infection Research), as well as the CIO (Center for Integrated Oncology). Participation in existing and future collaborative research centers is expected and supported.

The position will be involved in several teaching activities including the master degree programs *Immuno-sciences and Infection*, *Immunobiology*, and the *Medicine*.

Prerequisites for admission are the German degree Habilitation or comparable scientific achievements in accordance with § 36 Higher Education Act NRW (Hochschulgesetz NRW).

The University of Bonn is committed to diversity and equal opportunity. The university of Bonn is certified as a family-friendly university and has a dual career service. It aims to increase the proportion of women in areas where women are under-represented and to promote their careers in particular. It therefore urges women with relevant qualifications to apply. Applications will be handled in accordance with the State Equality Act (Landesgleichstellungsgesetz). Applications from suitable individuals with a certified serious disability and those of equal status are particularly welcome.

Qualified applicants are asked to submit send the application documents (cover letter, CV, certificates, list of publications) in English, as well as the completed application forms via e-mail up to 10. September 2020 to:

Dean of the Medical Faculty  
of the Rheinische Friedrich-Wilhelms University of Bonn,  
Prof. Dr. med. Bernd Weber  
Venusberg-Campus 1, 53127 Bonn

Please apply via e-mail to: Berufungen@ukbonn.de
