At the Faculty of Medicine of Rheinische Friedrich-Wilhelms-Universität Bonn (University of Excellence), a

**W3 University Professorship for Obstetrics and Prenatal Medicine**

*(Succession of Prof. Gembruch)*

is to be filled on a permanent basis.

The future holder of the position should represent obstetrics and prenatal medicine in research and teaching. The position includes the directorate of the department of the same name within the Center for Women’s Health. Within the department there are Sections for Prenatal Medicine, Maternal Medicine and Fetal Surgery. The clinic is integrated as a department into the Center for Women’s Health, which also includes the Departments of Gynecology and Gynecological Oncology (Prof. Mustea), Gynecological Endocrinology and Reproductive Medicine (Prof. Sänger) and Senology (Prof. Faridi).

The future holder of the position should be outstandingly qualified both scientifically and clinically, especially in the field of obstetrics. An expertise in the field of prenatal medicine is desired. In this respect we are looking for a person with extensive clinical experience, especially in the field of high risk obstetrics and the care of complex/risk pregnancies. A particular focus of the department is the close cooperation with other departments of pediatric and adult medicine.

Excellent scientific achievements and experience in the acquisition of extramural third-party funds, as well as proven didactic skills are required. The scientific orientation should have ties to the focal points of the faculty, ideally to existing networks of the Faculty of Medicine and the university as a whole.

The professorship will be responsible for teaching in the field of obstetrics and prenatal medicine within the curriculum of human medicine. One focus here should be on the development of inter-professional training formats. Furthermore, participation in current and future degree courses of the Faculty of Medicine is expected (e.g. midwifery sciences). In the area of further education, the clinic is integrated into a coordinated concept of the Center for Women’s Health.

The prerequisite for employment is a habilitation or equivalent academic achievement in accordance with Section 36 Higher Education Act NRW (Hochschulgesetz - HG NRW).

The University of Bonn is committed to diversity and equal opportunity. The University of Bonn is a certified family-friendly university and has a dual career program. It aims to increase the proportion of women in areas where women are under-represented and to promote their careers in particular. It therefore urges women with relevant qualifications to apply. Applications will be handled in accordance with the State Equality Act of North Rhine-Westphalia (Landesgleichstellungsgesetz - LGG). Applications by suitable individuals with a certified severe disability and those of equal status are particularly welcome.

Qualified applicants are requested to send the usual documents (cover letter, résumé, transcripts, certificates, list of publications, teaching and research concept as well as a maximum of five offprints) as a PDF file and as completed application forms (https://www.medfak.uni-bonn.de/de/fakultaet/akademische-verfahren/berufungsverfahren) in German and/or English exclusively by e-mail up to 10. September 2020 to the

Dean of the Faculty of Medicine
of Rheinische Friedrich-Wilhelms-Universität Bonn
Univ.-Professor Dr. Bernd Weber  
Venusberg-Campus 1, Haus 33, 53127 Bonn, Germany  

Please apply exclusively by e-mail to Berufungen@ukbonn.de  

The application form and further information on the application procedure are available at
