SETS THE PACE**

KITA-NET Bonn

The Federal City of Bonn has put the new parent portal KITA-NET Bonn into operation.

The new portal offers you the opportunity to search for publicly funded daycare facilities (kindergartens) in the city of Bonn for your child. You can register the need for a childcare place online and apply to the kindergartens you have selected.

Parent portal

For an online application, register in the parent portal. You will then receive a user account. Via smartphone, tablet or PC, you have access to your applications, subscriptions and contracts anytime, anywhere.

The portal offers you various possibilities:

- **an application to several kindergartens**
- **a constant change of your applications**
- **an overview of your registrations**
- **the information about the current state of processing of your registrations**
- **the binding acceptance of childcare allowances of kindergartens**

Procedure

In the parent portal KITA-NET Bonn you can find out about all publicly funded day-care centres in Bonn. You enter your wishes (for example, date of admission or place of residence), and the program displays the kindergartens in question. Click on the kindergarten profile to find more information about your desired kindergarten and you can reserve your child there. If a free space is available in the day care centre, the facility will contact you. Otherwise you stay on the waiting list.

You will be kept up to date on the status of your child on the waiting list of a day-care centre via the parent portal.

You must accept commitments for a day care centre within 14 days. Otherwise, the commitment will automatically be converted into a cancellation.

If you accept a commitment, all applications for that child in all other care facilities will be deleted. Of course, this online procedure does not replace a personal get-together in the day-care centre. The management will inform you when and how this can take place.

Promises at the beginning of kindergarten (August 1) will not be given before February of the same year.

Help
