

We are looking for committed residents in Bonn and surroundings who would like to volunteer as local hosts for international students!

Would you like to offer the students a warm welcome and support them when they arrive in Bonn?

Our program offers a wonderful opportunity to promote cultural exchange, meet new people, and actively contribute to the integration of international students, whether through joint excursions, assistance with bureaucratic matters, or simply through friendly interaction.

Who can become a host?

- Families, couples, or individuals from Bonn/SU who enjoy intercultural exchange.
- People who want to help international students learn about life in Bonn and the surrounding region.

How does it work?

1 We would like to get to know you!

Find here our registration form and answer a few short questions about yourself and your interests. This will enable us to match you with a suitable student.

2 Get to know each other!

You decide how much time you want to invest—whether it's for a meal together, excursions, or simply for personal conversations.

3 Recurring iStudy "Family and Friends" events

At our Family & Friends events, all participants come together – meet other hosts and their students to get to know each other, exchange ideas, and participate in special themed workshops.

Why you should participate?

- You will engage in a cultural exchange on equal terms, fostering mutual understanding and appreciation.
- You will have the opportunity to share your enthusiasm for Bonn and its surroundings while at the same time gaining new and inspiring perspectives.
- You will create encounters and connections that are meaningful and leave a lasting impression.
