Your existing statutory health insurance can be recognized by a German statutory health insurance company:

1. Send a copy of your *European Health Insurance Card (EHIC)/*/ *Global Health Insurance Card (GHIC)* (provisional versions accepted for enrollment process) to a German statutory health insurance provider – always provide the **sender number H0001178** (University of Bonn)

Statutory health insurance

- regulated by the government

How do I register for German health insurance?

**You chose a German statutory insurance**

- Compare and choose a health insurance provider.
- Before purchase: inquire with a statutory health insurance provider if the chosen plan qualifies for exemption of statutory insurance.
- You don’t get confirmation that the chosen plan qualifies for exemption of statutory insurance → choose a different plan and repeat the previous step.
- Provide the University of Bonn’s sender number H0001178.
- The statutory health insurance provider will automatically inform the university about your health insurance status.

**You chose a private insurance**

- You get confirmation that the chosen plan qualifies for exemption of statutory insurance.
Accident/ liability insurance
Accident insurance

- All enrolled students are covered by statutory accident insurance. The insurance covers accidents that happen on university premises: lectures, university sport, library etc.
- You do not need to pay any contributions for this insurance cover.
- No coverage of accidents that happen during private activities e.g. on personal study trips or at while studying home.

What do I do in the event of an accident?

- Find further information and the necessary accident report form online.
Liability insurance

- In Germany, anyone who causes damage, harm or injury to a third party is obliged to pay damages out of their own pocket, e.g. in the event of injury or property damage.
- We therefore strongly recommend that you acquire a personal liability insurance.
