

The Global Exchange Program at the University of Bonn

Fact Sheet for Partner Universities 2025/26

The University of Bonn

The University of Bonn was founded in 1818. Home to about 31,500 students, the University is one of Germany's largest academic institutions and, with more than 4,800 international students from all over the world, also one of the most internationally oriented. A wide range of courses, an outstanding reputation in teaching and research and a unique location make the University an especially attractive place to study.

Bonn, the former federal capital of Germany, is located on the River Rhine and a center for the Rhineland way of life, art and culture. In 1989, the city celebrated the 2,000th anniversary of its founding as a Roman settlement. With its 21 UN agencies, Bonn is Germany's "UN city" and hosts around 150 international organizations.

The city is also the birthplace of Ludwig van Beethoven, has a beautiful historical center with a daily market, numerous museums and many other buildings and events of significance and cultural interest.
