The Rheinische Friedrich-Wilhelms-Universität Bonn (University of Bonn) was founded in 1818. With a student body of about 35,000, the University is one of Germany’s largest academic institutions and with more than 5000 foreign students from all over the world also one of the most internationally oriented. A wide range of course offerings, an outstanding reputation in teaching and research and a unique location make the University an especially attractive place to study.

Bonn, the former Federal Capital of Germany, is located on the Rhine and is a center for the Rhineland’s way of life, art and culture. The city celebrated in 1989 the 200th Anniversary of its founding as a Roman settlement. Bonn is Germany’s UN city with its 21 UN Agencies and hosts approx. 150 international organizations.

Furthermore, the city is also the birthplace of Beethoven, has a beautiful historic town center with a daily open market, numerous museums and many other buildings and events of significance and cultural interest.

Having almost 35 years of experience in the Erasmus programme, Erasmus students may expect to be supported by the full range of student services including language courses, orientation programme and academic guidance at the University of Bonn. During the semester, the International Office offers an extensive cultural program as well as various other programs to ensure cultural immersion and intercultural experience.

The International Office will inform students about the application procedure in its “information kit” sent after the application deadline in June/December.

The German Department (Germanistisches Seminar) does not offer any German language courses but teaches German philology and literature. Students who do not study “Germanistik” (German Studies and Comparative Literature) as their main subject are usually not admitted to study “Germanistik” at our university unless this has been agreed upon with the responsible Erasmus departmental coordinators.

### General Course Information

#### Digital Learning Agreement

In compliance with EU-regulations, the University of Bonn will be connected with the EWP-network from May 2021 onwards. With the first information email, all nominated incomings students will receive the contact details of the responsible person in their department in Bonn for signing the digital learning Agreements. These can also be found [here](#).

Students should make sure to insert the correct contact details of the responsible person at the department into the digital learning agreement. They should NOT insert the contact details of the Erasmus Institutional Coordinator (Ms. Gittel-Avehounkpan) or the Incoming Student Advisor at the International Office (Ms. Rong).

If your University will not yet be connected with the EWP-network as of summer 2021, the responsible persons at the departments here in Bonn will still sign PDF-versions of Learning Agreements for incoming students in the academic year 21/22.

Grading system

The grading usually comprises five levels (with numerical equivalents; intermediate grades may be given, e.g. “1—”):

- "Sehr gut" (1) Excellent
- "Gut" (2) Good
- "Befriedigend" (3) Satisfactory
- "Ausreichend" (4) Sufficient
- "Nicht ausreichend" (5) Non-Sufficient/Fail.

The minimum grade for passing is "Ausreichend" (4).

Accommodation

As in many university towns, the housing situation in Bonn is quite challenging. We strongly advise students to apply for a room in a student dormitory very early and to start searching for private accommodation at the same time.

The International Office of the University of Bonn does not arrange accommodation, but supports students with information and advice.

More information on housing will be sent to students with the admission and can be found on our website.

Student dormitories at the “Studierendenwerk”

To get a room in a student dormitory, students should apply very early online at https://tl1host.eu/SWBN/#home

More Information:
http://www.studierendenwerk-bonn.de/en/accommodation/
E-mail: wohnen@studierendenwerk-bonn.de

Monthly rent: between €200- €600 (depending on dormitory and room/apartment)

⚠️ Please note: The “Studierendenwerk” is not part of the University of Bonn and the International Office cannot influence any decisions.

Private accommodation

As a room in a dormitory of the “Studierendenwerk” cannot be guaranteed, students should search for private accommodation in parallel.

Formalities

Passport/ID

All students need a passport or identity card valid for the whole period of their stay.

EU citizens do not need a visa or mobility permission to study in Bonn.

The rules on mobility within the EU applying to third-country nationals (Non-EU/EFTA) for the purpose of studying have been eased. For holders of a residence title issued by another EU Member State, visa application for Germany is mostly no longer required. If students have already been issued a residence title under the Directive on Conditions of Entry and Residence (for Researchers and Students – REST-Directive 2016/801/EU) in another EU Member State, these students may come to Germany and study here without applying for a German residence title.
For that purpose, the International Office of the University of Bonn needs to notify the German Federal Office for Migration and Refugees and submit soft copies of the following documents:

- The residence permit issued by the first EU Member State (valid throughout the entire duration of the stay)
- A valid passport/replacement passport
- Proof of subsistence (at least €850 per month)
- Proof of health insurance

All documents should be in German or English. Documents in other languages are not accepted.

**Students must provide all listed documents to the International Office (erasmus-incoming@uni-bonn.de) well in advance (at least 2 months).**

Students who do not hold a suitable residence title of another EU member state yet will receive a letter from the International Office to present to the German embassy/consulate for visa application.

**UK citizens**

As of January 1st, 2021, the UK is no longer part of the Schengen area. For UK citizens, entry to Germany is possible without a visa but students will have to contact the local Foreigners’ Office/Immigration Office to apply for a residence permit within the first 90 days of their stay.

**Insurances**

- **Health insurance**
  - All students need sufficient health insurance: a) either the European Health Insurance Card or b) other private health insurance valid for Germany during the whole study abroad period covering all necessary costs.

- **Liability insurance**
  - We also recommend that students take out a third-party liability insurance to cover any accidental damages caused to other individuals or property during their stay. The Erasmus+ program and the University of Bonn do not provide any of these insurances.

The social contribution fee of approx. €315, which all students have to pay when enrolling, includes insurance for accidents that might occur en route from the university to the place of residence or on university grounds.

| **Semester ticket** | After arrival and when enrolling at the University of Bonn, all students need to pay a fee of about €315 per semester. It includes a semester ticket for all public transportation in and around Bonn.
