Graphic Design Internship (CRAGD1409)

Role

This is a fantastic opportunity for an enthusiastic individual to gain practical experience in graphic design with this world leader of vending machines. Mentored throughout, you will help conceive, design and develop new and exciting digital and marketing solutions. You will be part of a team responsible for the development and production of the company’s marketing strategy. You will also support and work closely with the sales teams to create and deliver digital graphics on time and to budget. For the selected candidate this will be a great chance to showcase your talents and develop both personally and professionally.

Tasks

- Responsible for delivering digital designs for use on the website, social media, email and advertising
- Provide consistent and meticulous graphic illustration and presentation
- Create clear typography graphics and messages for use online as part of brand development
- Create key branding graphics for use on the web
- Maintain the digital assets library
- Create animations, GIFs and video editing

Personal Skills

- Studying a relevant degree in Graphic Design or similar
- Software skills in Photoshop, InDesign, After Effects and Flash or Animate
- Technical ability to edit videos
- Can do attitude, with enthusiasm and confidence
- Passion for process improvements and personal contribution
- Sociable, helpful character with strong English language skills.

The Host Company

This host is the leading global manufacturer of innovative solutions for vending machines, cashless systems, software and wireless communications. With a rich history spanning more than 80 years, the brand name has become synonymous with vending durability and reliability. As a pioneer of vending, they continually seek out new ways to enhance how operators and consumers interact with their machines.
